AIR NIBBLERS

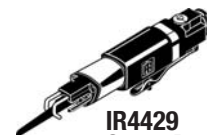

Chicago Pneumatic

CP835 Heavy Duty Nibbler

- Rugged nibbling head and .177" diameter punch cuts steel up to .60" (16 gauge) and aluminum up to .102" (10 gauge)
- Easy access to punch and die for quick replacement
- Four optional cutting positions
- Perfect for accurate cutting of steel and aluminum. Best for tight corners and circles.

IR4429 Super Duty Air Reciprocating Saw

With increased comfort, performance, and durability, the 4429 is a premium tool designed for all types of cutting tasks. It offers a wealth of features for body, exhaust, and muffler work.

IR429 Heavy Duty Air Reciprocating Saw

The 429 is a versatile air saw for cutting intricate shapes and light radius curves in all types of plastics, fiberglass, and composite materials, as well as aluminum and sheet metal. This reduced vibration tool is excellent for body shop repair, muffler and exhaust work, and sun roof installations. Comes with six high-speed steel cutting blades and two hex wrenches

IR325 Heavy Duty Air Nibbler

Get a bigger bite and better angle cuts with our air nibbler. Instead of shearing or sawing, the tool actually "nibbles" cold rolled steel, plastic, tin, aluminum, and other metals, up to 18 gauge thicknesses at a rate of more than 6 ft. per minute. It's ideal for paint and auto body shops, tinsmiths, and sheet metal shops.

IR7802SA Heavy Duty Air Shear

The versatile cutting shear that makes clean cuts in cold rolled steel up to 20 gauge without chips. Ideal for body shops, sheet metal shops, air conditioning fabricators, plastic fabricators, heating contractors, and machine shops.
